AN ACT TO REGULATE THE CARRIAGE OF PASSENGERS IN STEAMERS AND OTHER VESSELS.

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled, That no master of any vessel owned in whole or in part by a citizen of the United States, or by a citizen of any foreign country, shall take on board such vessel, at any foreign port or place, other than foreign contiguous territory of the United States, a greater number of passengers than in proportion of one to every two tons of such vessel, not including children under the age of one year in the computation, and computing two children over one and under eight years of age as one passenger. That the spaces appropriated for the use of such passengers, and which shall not be occupied by stores or other goods not the personal baggage of such passengers, shall be in the following proportions, viz: On the main and poop decks or platforms and in the deck houses, if there be any, one passenger for each sixteen clear superficial feet of deck, if the height or distance between the decks or platform shall not be less than six feet; and on the lower deck, (not being an orlop deck,) if any, one passenger for eighteen such clear superficial feet, if the height or distance between the decks or platforms shall not be less than six feet, but so as that no passenger shall be carried on any other deck or platform, nor upon any deck where the height or distance between decks is less than six feet, with intent to bring such passengers to the United States, and shall leave such port or place and bring the same, or any number thereof, within the jurisdiction of the United States; or if any such master of any vessel shall take on board his vessel, at any port or place within the jurisdiction of the United States, any greater number of passengers than in the proportion aforesaid to the space aforesaid, or to the tonnage aforesaid, with intent to carry the same to any foreign port or place, other than foreign contiguous territory as aforesaid, every such master shall be deemed guilty of a misdemeanor, and, upon conviction thereof, before any circuit or district court of the United States, shall, for each passenger taken on board beyond the limit aforesaid, or the space aforesaid, be fined in the sum of fifty dollars, and may also be imprisoned, at the discretion of the judge before whom the penalty shall be recovered, not exceeding six months; but should it be necessary for the safety or convenience of the vessel, that any portion of her cargo or any other articles, or article, should be placed on, or stored in any of the decks, cabins, or other places appropriated to the use of passengers, the same may be placed in lockers or enclosures prepared for the purpose, on an exterior surface impervious to the ware, capable of being cleansed in like manner as the decks or platforms of the vessel. In no case, however, shall the places thus provided be deemed to be a part of the space allowable for the use of passengers, but the same shall be deducted therefrom, and in all cases where prepared or used, the upper surface of said lockers or enclosed spaces shall be deemed and taken to be the deck or platform from which measurement shall be made for all the purposes of this act. It is also provided that one hospital in the spaces appropriated to passengers, and separate therefrom by an appropriate partition, and furnished as its purposes require, may be prepared, and, when used, may be included in the space allowable for passengers, but the same shall not occupy more than one hundred superficial feet of deck or platform: *Provided*, That on board two-deck ships, where the height between the decks is seven and one-half feet or more, fourteen clear superficial feet of deck shall be the proportion required for each passenger.

SECT. 2. And be it further enacted, That no such vessel shall have more than two tiers of berths, and the interval between the lowest part thereof and the deck or platform beneath, shall not be less than nine inches, and the berths shall be well constructed, parallel with the sides of the vessel, and separated from each other by partitions, as berths ordinarily are separated, and shall be at least six feet in length, and at least two feet in width, and each berth shall be occupied by no more than one passenger; but double berths of twice the above width may be constructed each berth to be occupied by no more, and by no other, than two women, or by one woman and two children under the age of eight years, or by husband and wife, or by a man and two of his own children under the age of eight years, or by two men, members of the same family; and if there shall be any violation of this section in any of its provisions, then the master of the vessel, and the owners thereof, shall severally forfeit and pay the sum of five dollars for each passenger on board of said vessel on such voyage, to be recovered by the United States, in any port where such vessel may arrive or depart.

SECT. 3. And be it further enacted, That all vessels, whether of the United States or any foreign country, having sufficient capacity or space according to law for fifty or more passengers, other than cabin passengers, shall, when employed in transporting such passengers between the United States and Europe, have, on the upper deck, for the use of such passengers, a house over the passage way leading to the apartments allotted to such passengers below deck firmly secured to the deck or combings of the hatch, with two doors, the sills of which shall be at least one foot above the deck, so constructed that one door or window in such house may at all times be left open for ventilation; and all vessels so employed, and having the capacity to carry one hundred and fifty such passengers or more, shall have two such houses; and the stairs or ladder leading down to the aforesaid apartment shall be furnished with a hand-rail of wood or strong rope, but hinged hatches may be substituted for such houses.

SECT. 4. And be it further enacted, That every such vessel so employed and having the legal capacity for more than one hundred such passengers, shall have at least two ventilators to purify the apartment or apartments occupied by such passengers; one of which shall be inserted in the after part of the apartment or apartments, and the other shall be placed in the forward portion of the apartment or apartments, and one of them shall have an exhausting cap to carry off the foul air, and the other a receiving cap to carry down the fresh air, which said ventilators shall have a capacity proportioned to the size of the apartment or apartments to be purified, namely: if the apartment or apartments will lawfully authorize the reception of two hundred such passengers, the capacity of such ventilators shall each be equal to a tube of twelve inches diameter in the clear, and in proportion for larger or smaller apartments; and all said ventilators shall rise at least four feet six inches above the upper deck of any such vessel, and be of the most approved form and construction, but if it shall appear, from the report, to be made and approved, as hereinafter provided, that such vessel is equally well ventilated by any other means, such other means of ventilation shall be deemed and held to be a compliance with the provisions of this section.

SECT. 5. And be it further enacted, That every vessel, carrying more than fifty such passengers, shall have for their use on deck, housed and conveniently arranged, at least one cambouse or cooking range, the dimensions of which shall be equal to four feet long and six feet six inches wide, for every two hundred passengers, and provisions shall be made in the manner aforesaid, in this ratio, for a greater or less number of passengers; but nothing herein contained shall take away the right to make such arrangements for cooking between decks, if that shall be deemed desirable.

SECT. 6. And be it further enacted, That all vessels, employed as aforesaid, shall have on board, for the use of such passengers, at the time of leaving the last port whence such vessel shall sail, well secured under deck, for each passenger, at least twenty pounds of good navy bread, fifteen pounds of rice, fifteen pounds of oatmeal, ten pounds of wheat flour, fifteen pounds of peas and beans, twenty pounds of potatoes, one pint of vinegar, sixty gallons of fresh water, ten pounds of salted pork, and ten pounds of salt beef, free of bone, all to be of good quality; but at places where either rice, oatmeal, wheat flour, or peas and beans, cannot be procured, of good quality and on reasonable terms, the quantity of either or any of the other last named articles may be increased and substituted therefor; and in case potatoes cannot be procured on reasonable terms, one pound of either of said articles may be substituted in lieu of five pounds of potatoes; and the captains of such vessels shall deliver to each passenger at least one-tenth part of the aforesaid provisions weekly, commencing on the day of sailing, and at least three quarts of water daily; and if the passengers on board of any such vessel in which the provisions and water herein required shall not have been provided as aforesaid, shall at any time be put on short allowance during any voyage, the master or owner of any such vessel shall pay to each and every passenger who shall have been put on short allowance, the sum of three dollars for each and every day they may have been put on short allowance, to be recovered in the circuit or district court of the United States; and it shall be the duty of the captain or master of every such ship or vessel, to cause the food and provisions of all the passengers to be well and properly cooked daily, and to be served out and distributed to them at regular and stated hours, by messes, or in such other manner as shall be deemed best and most conducive to the health and comfort of such passengers, of which hours and manner of distribution, due and sufficient notice shall be given. If the captain or master of any such ship or vessel shall wilfully fail to furnish and distribute such provisions cooked as aforesaid, he shall be deemed guilty of a misdemeanor, and, upon conviction thereof before any circuit or district court of the United States, shall be fined not more than one thousand dollars, and shall be imprisoned for a term not exceeding one year: *Provided*, That the enforcement of this penalty shall not affect the civil responsibility of the captain or master and owners to such passengers as may have suffered from said default.

SECT. 7. And be it further enacted, That the captain of any such vessel so employed is hereby authorized to maintain good discipline, and such habits of cleanliness among such passengers as will tend to the preservation and promotion of health; and to that end, he shall cause such regulations as he may adopt for the purpose, to be posted up, before sailing, on board such vessel, in a place accessible to such passengers, and shall keep the same so posted up during the voyage; and it is hereby made the duty of said captain to cause the apartments occupied by such passengers to be kept at all times in a clean and healthy state, and the owners of every such vessel so employed are required to construct the decks, and all parts of said apartment, so that it can be thoroughly cleansed; and they shall also provide a safe, convenient privy or water closet to the exclusive use of every one hundred such passengers. And when the weather is such that said passengers cannot be mustered on deck with their bedding, it shall be the duty of the captain of every such vessel to cause the deck occupied by such passengers to be cleansed with chloride of lime, or some other equally efficient disinfecting agent, and also at such other times as said captain may deem necessary.

SECT. 8. And be it further enacted, That the master and owner or owners of any such vessel so employed, which shall not be provided with the house or houses over the passage way, as prescribed in the third section of this chapter or with ventilators, as prescribed in the fourth section of this chapter, or with the cambooses or cooking ranges, with the houses over them, as prescribed in the fifth section of this chapter, shall severally forfeit and pay to the United States, the sum of two hundred dollars for each and every violation of, or neglect to conform to, the provisions of such of said sections; and fifty dollars for each and every neglect or violation of any of the provisions of the seventh section of this chapter, to be recovered by suit in any circuit or district court of the United States, within the jurisdiction of which the said vessel may arrive, or from which she may be about to depart; or at any place within the jurisdiction of such courts, whenever the owner or owners, or captain of such vessel may be found.

SECT. 9. And be it further enacted, That the collector of the customs at any port of the United States at which any vessel so employed shall arrive, or from which any such vessel shall be about to depart, shall appoint and direct one or more of the inspectors of the customs for such port, to examine such vessel, and report in writing, to such collector whether the requirements of law have been complied with in respect to such vessel; and if such report shall show such compliance, and shall be approved by such collector, it shall be deemed and held as prima facie evidence thereof.

SECT. 10. And be it further enacted, That the provisions, requisitions, penalties, and liens of this act, relating to the space in vessels appropriated to the use of passengers, are hereby extended and made applicable to all spaces appropriated to the use of steerage passengers in vessels propelled in whole or in part by steam, and navigating from, to, and between the ports and in general as in this act named, and to such vessels and to the masters thereof, and as much of the act entitled "An act to amend an act entitled 'An act to provide for the better security of the lives of passengers on board of vessels propelled in whole or in part by steam, and for other purposes,'" approved August thirtieth, eighteen hundred and fifty two, as conflicts with this act, is hereby repealed; and the space appropriated to the use of steerage passengers, in vessels so as above propelled and navigated, is hereby subject to the supervision and inspection of the collector of the customs at any port of the United States at which any such vessel shall arrive, or from which she shall be about to depart; and the same shall be examined and reported in the same manner, and by the same officers, by the next preceding section directed to examine and report.

SECT. 11. And be it further enacted, That the vessels bound from any port in the United States to any port or place in the Pacific Ocean, or on its tributaries, or from any such port or place to any port in the United States on the Atlantic, or its tributaries, shall be subject to the foregoing provisions regulating the carriage of Passengers in merchant vessels, except so much as relates to provisions and water, but the owners and masters of all such vessels shall in all cases furnish to each passenger the daily supply of water therein mentioned; and they shall furnish a sufficient supply of good and wholesome food, properly cooked; and in case they shall fail so to do, or shall provide unwholesome or unsuitable provisions, they shall be subject to the penalty provided in the sixth section of this chapter, in case the passengers are put on short allowance of water or provisions.

SECT. 12. And be it further enacted, That the captain or master of any ship or vessel arriving in the United States, or any of the territories thereof from any foreign place whatever, at the same time that he delivers a manifest of the cargo, and if there be no cargo, then at the time of making report or entry of the ship or vessel, pursuant to law, shall also deliver and report to the collector of the district in which such ship or vessel shall arrive, a list or manifest of all the passengers taken on board of the said ship or vessel at any foreign port or place; in which list or manifest it shall be the duty of the said master to designate, particularly, the age, sex, and occupation of the said passengers, respectively, the part of the vessel occupied by each during the voyage, the country to which they severally belong, and that of which it is their intention to become inhabitants; and shall further set forth whether any, and what number, have died on the voyage; which list or manifest shall be sworn to by the said master in the same manner as directed by law in relation to the manifest of the cargo, and the refusal or neglect of the master aforesaid to comply with the provisions of this section, or any part thereof, shall incur the same penalties, disabilities, and forfeitures as are provided for a refusal or neglect to report and deliver a manifest of the cargo aforesaid.

SECT. 13. And be it further enacted, That each and every collector of the customs, to whom such manifest or list of passengers as aforesaid shall be delivered, shall, quarter-yearly, return copies thereof to the Secretary of State of the United States, by whom statements of the same shall be laid before Congress at each and every session.

SECT. 14. And be it further enacted, That in case there shall have occurred on board any ship or vessel arriving at any port or place within the United States, or its territories, any death or deaths among the passengers, (other than cabin passengers,) the master or captain or owner or consignee of such ship or vessel, shall, within twenty-four hours after the time within which the report and list or manifest of passengers mentioned in section twelve of this act is required to be delivered to the collector of the customs, pay to the said collector the sum of ten dollars for each and every passenger above the age of eight years, who shall have died on the voyage by natural disease; and the said collector shall pay the money thus received, at such times, and in such manner as the Secretary of the Treasury, by general rules, shall direct, to any board or commission appointed by, and acting under the authority of, the State within which the port where such ship or vessel arrived is situated, for the care and protection of sick, indigent, or destitute emigrants, to be applied to the objects of their appointment; and if there be more than one board of commission who shall claim such payment, the Secretary of the Treasury, for the time being, shall determine which is entitled to receive the same, and his decision in the premises shall be final and without appeal: *Provided*, That the payment shall in no case be awarded or made to any board or commission or association formed for the protection or advancement of any particular class of emigrants, or emigrants of any particular nation or creed, and if the master, captain, owner, or consignee of any ship or vessel, refuse or neglect to pay to the collector aforesaid the money required, and within the time prescribed by this section, he or they shall severally forfeit and pay the sum of fifty dollars in addition to such sum of ten dollars for each and every passenger upon whose death the same has become payable, to be recovered by the United States in any circuit or district court of the United States where such vessel may arrive, or such master, captain, owner, or consignee may reside; and when recovered, the said money shall be disposed of in the same manner as is directed with respect to the sum and sums required to be paid to the collector of customs.

SECT. 15. And be it further enacted, That the amount of the several penalties imposed by the foregoing provisions regulating the carriage of passengers in merchant vessels, shall be liens on the vessel or vessels violating those provisions, and such vessel or vessels shall be libelled therefor in any circuit or district court of the United States where such vessel or vessels shall arrive.

SECT. 16. And be it further enacted, That all and every vessel or vessels which shall or may be employed by the American Colonization Society, or the Colonization Society of any State, to transport, and which shall actually transport, from any port or ports of the United States to any colony or colonies on the west coast of Africa, colored emigrants to reside there, shall be, and the same are hereby, subjected to the operation of the foregoing provisions regulating the carriage of passengers in merchant vessels.

SECT. 17. And be it further enacted, That the collector of the customs shall examine each emigrant ship or vessel on its arrival at his port, and ascertain and report to the Secretary of the Treasury the time of sailing, the length of the voyage, the ventilation, the number of passengers, their space on board, their food, the native country of the emigrants, the number of deaths, the age and sex of those who died during the voyage; together with his opinion of the cause of the mortality, if any, on board, and, if none, what precautionary measures, arrangements, or habits, are supposed to have had any, and what, agency in causing the exemption.

SECT. 18. And be it further enacted, That this act shall take effect, with respect to vessels sailing from ports in the United States on the eastern side of the continent, within thirty days from the time of its approval; and with respect to vessels sailing from ports in the United States on the western side of the continent, and from ports in Europe, within sixty days from the time of its approval; and with respect to vessels sailing from ports to other parts of the world, within six months from the time of its approval.

And it is hereby made the duty of the Secretary of State, to give notice, in the ports of Europe and elsewhere, of this act, in such manner as he shall deem proper.

SECT. 19. And be it further enacted, That from and after the time that this act shall take effect with respect to any vessels, then in respect to such vessels, the act of second March, eighteen hundred and nineteen, entitled "An act regulating passenger ship and vessels," the act of twenty-second of February, eighteen hundred and forty-seven, entitled "An act to regulate the carriage of passengers in merchant vessels," the act of second March, eighteen hundred and forty-seven, entitled "An act to amend and act entitled 'An act to regulate the carriage of passengers in merchant vessels,' and to determine the time when said act shall take effect," the act of thirty-first of January, eighteen hundred and forty-eight, entitled "An act exempting vessels employed by the American Colonization Society in transporting colored emigrants from the United States to the Coast of Africa from the provisions of the acts of the twenty-second of February and second of March, eighteen hundred and forty-seven, regulating the carriage of passengers in merchant vessels," the act of seventeenth May, eighteen hundred and forty-eight, entitled "An act to provide for the ventilation of passenger vessels, and for other purposes," and the act of third March, eighteen hundred forty-nine, entitled "An act to extend the provisions of all laws now in force relating to the carriage of passengers in merchant vessels and the regulation thereof," are hereby repealed. But nothing in this act contained shall in any wise obstruct or prevent the prosecution, recovery, distribution, or remission of any fines, penalties or forfeiture which may have been incurred in respect to any vessel prior to the day this act goes into effect, in respect to such vessels, under the laws hereby repealed, for which purpose the said laws shall continue in force. But the Secretary of the Treasury may, in his discretion, and upon such conditions as he shall think proper, discontinue any such prosecutions, or remit or modify such penalties.

(D) PASSENGERS' LIST. T. W. ROE & CO., Stationers and Printers, 45 Wall St., N. Y. 1-3

District of New York, Port of New York.

I, Master of the State of Nevada do solemnly, sincerely and truly
that the following List or Manifest, subscribed by me, and now delivered by me to the Collector of the Customs of the Collection District of New York, is a full and perfect list of all the passengers taken on board of the said State of Nevada at Liverpool from which port said S.S. City of Limerick has now arrived; and that on said list is truly designated the age, the sex, and the occupation of each of said passengers, the part of the vessel occupied by each during the passage, the country to which each belongs, and also the country of which it is intended by each to become an inhabitant; and that said List or Manifest truly sets forth the number of said passengers who have died on said voyage, and the names and ages of those who died.
